His Gang in the Big Express Robbery.

NEW YORK QUARANTINED AGAINST

By the Portuguese Government Officials.

CROWDING INTO THE STRIP.

Several Land Getters Fall Dead in the Ranks.

Bill Dalton Suspected.

CHICAGO, Sept. 13.—The detectives who are working on the Lake Shore train robbery case believe Bill Dalton had some connection with it, as he was in this city within the last week.

CHICAGO, Ill., Sept. 13.—The amount secured by the Lake Shore robbers is now put at nineteen thousand dollars. The chief detectives of Chicago place little credence in the story that Bill Dalton, the notorious southwestern train robber, had anything to do with the robbery. He says the best information indicates that the gang consisted of seven men, of whom two were colored.

New York Infected.

LIBON, Sept. 13.—The Portuguese authorities have declared a cholera quarantine against New York as an infected port.

The Land Getters.

ARKANSAS CITY, Sept. 13.—The crowd coming into the town is stupendous, being augmented hourly. Registration goes slowly on, and many more clerks are needed if all now on hand secure registration.

Gambler are plying their trade at which there is much indignation and trouble feared.

Three men died here this morning at the booths, of dust and exhaustion.

An Oregon Highwayman.

KLAMATH FALLS, Ore., Sept. 13.—The highwayman who held up the Agor stage Sunday afternoon, stopped the same stage yesterday and relieved two Chinese passengers of ninety dollars and returned to the driver, two pension drafts, part of the spoils of his first adventure. The express box and mail pouches he left untouched this time.

A Lumpy Arm.

WASHINGTON, Sept. 13.—A large lump having developed on the right arm of Secretary Carlisle, will, in a day or two have a surgical operation. The lump has long resisted treatment, and the secretary has suffered great agony. He has little use of his arm and has endeavored to keep the fact of the approaching operation a secret.

Attacked By a Mob.

ROME, Sept. 13.—A mob of Italians attacked Hungarian peasants at Deal-eyes and tried to burn the town hall. The riot was quelled by troops after 25 were wounded. The trouble was caused by radical animosity.

Sudden Death.

LONDON, Sept. 13.—Surgeon Parke, who was a member of both the Stanley and Emile expeditions in Africa, died suddenly on Sunday while visiting the Duke of St. Albans at Alta Craig.

Cures Scrofula

Mrs. E. J. Howell, Medford, Mass., says her mother has been cured of Scrofula by the use of four bottles of S.S.S. after having had much other treatment, and being in a low condition of health, so it was thought she could not live.

INHERITED SCROFULA.

Cured my little boy of hereditary Scrofula, which appeared all over his face. For a year I had given up all hope of his recovery, when finally I was induced to use S.S.S. and in a few bottles the disease was cured.

In Congress.

WASHINGTON, Sept. 13.—Senate—Mills today gave notice that he would address the senate Tuesday, when Stewart's resolution for the committee to ascertain whether senators were interested in national banks came up.

Stewart addressed the senate in advocacy of it. After a few moments he diverged into a general discussion of the silver question.

Voorhees suggested one week from today as a suitable time for closing the debate on the repeal bill. Dubois, of Idaho, objected. Shoup then addressed the senate in opposition to repeal.

Though the bill to repeal the federal election law is to be presented tomorrow in the house, it is not probable the debate on the measure will begin before Friday. The debate promises to be a bitter partisan one.

House—Talbert, of South Carolina, introduced a resolution directing the currency committee to immediately report the bill of McLarin, of South Carolina, for issue the hundred and twenty-five million dollars of treasury notes, for the relief of the people. The resolution was received with laughter, and objections, and the house went into committee of the whole on the public printing bill.

Congressman Geary, of California, states the administration's change of policy on the Chinese question is not in favor of the passage of the Everett bill suspending operations of the Geary law for one year.

The cabinet has just had a meeting on the Chinese subject.

Steamer Sunk.

OLYMPIA, Wn., Sept. 13.—The steamer Multnomah, on her regular trip to Seattle, struck a sunken pile about half a mile from the wharf. She put into the west side mill wharf, landed twenty passengers, and then sank. The damage is not yet known.

Seattle's Treasury Gone.

SEATTLE, Sept. 14.—A statement was made recently that City Treasurer Krug could not produce the \$306,000 which the last statement of the city controller showed should be in the treasury. This caused the city council to make an investigation. It resulted in finding but \$75,000 in the city vaults. Treasurer Krug could not be found and the mayor has formally removed him from office, appointing Edward Graves president of the Washington National bank, acting treasurer. It is known that Krug has gone to British Columbia.

Millionaire Ames Dead.

NEW YORK, Sept. 13.—Frederick I. Ames, the millionaire vice-president of Old Colony railroad, and director of the Union Pacific, was found dead this morning. Rumors are prevalent that an official examination and autopsy would reveal the cause of the death to be entirely different from that given to the public. He is reported to be worth twenty-five millions.

Heresy Case.

TORONTO, Sept. 13.—The trial of Prof. Campbell for heresy began here before the Montreal presbytery. The first charge was "in view of the inspiration of the scriptures discrediting there is a supreme and infallible source of religious truth." After a lengthy and heated debate the charge was declared proven by a vote of twenty-one to thirteen.

Brutal Murder.

HALIFAX, Nova Scotia, Sept. 13.—Thomas McCoy, aged 45, during a drunken fight with Paul White, aged 24, smashed in the latter's skull with an ax. McCoy was held for manslaughter.

A Strange Vessel.

PANAMA, Sept. 13.—A strange vessel flying a red flag and cruising off Magdalena recently was pursued by the Colombian gunboat La Pupa, but effected her escape, sailing eastward. It is believed she had arms on board for the revolutionists. She is probably the same vessel that has been captured since by a Venezuelan revenue cutter off Maracabo.

OUR FOREIGN FRIENDS.

Emperor William Gives His People Some Taffy.

REVOLUTION IN SOUTH AMERICA.

Crimes and Casualties from all Quarters.

Emperor William at Karlsruhe.

BERLIN, Sept. 13.—Emperor William reviewed the troops at Karlsruhe and in response to a toast at a dinner given in his honor in the evening by the Grand Duke of Baden, the emperor referred to his visit to Karlsruhe last spring on his return from Italy, saying that at that time the thought occurred to him, Will the German nation remain to its task or deviate from the path indicated by Emperor William I and show itself unworthy of the good deeds of Emperor Frederick as the decisive hour approached and it became necessary to again direct the German people in the right way? He thanked the grand duke and other princes for the efforts to bring forward their men to assemble around the imperial standards, and said that through their united efforts Germany stood arrayed in fresh armor as the once divine hero Heimdal stood watching over the peace of the world.

Rio Janeiro Bombarded.

ROME, Sept. 13.—The Italian government has received a dispatch from Rio Janeiro, dated yesterday, saying that Admiral Demolles was informed by representatives of foreign powers at Rio Janeiro, that the vessels of the insurgent squadron would open fire on the city's defenses, at 9 o'clock this morning (Wednesday). The forts in the bay will be the first attacked separately, it is believed, and upon the result of this bombardment the future movements of the rebels will be decided. In consequence of this announcement arrangements have been made to send the foreign war ships and merchant vessel at Rio, to positions outside the line of fire.

Trouble in South America.

MONTVIDEO, Sept. 13.—Brazil's naval rebels are having a hard time of it. Hemmed in within the bay of Rio, they fear to run the gauntlet of the fort and torpedoes at the entrance and put out to sea, and an attempt to land has been repulsed with considerable loss of men. The Brazilian minister here received a telegram yesterday saying that the rebel squadrons had fired upon Nicthery, a suburban town near the entrance to the harbor of Rio. The insurgents then tried to effect a landing with some of their men in small boats, but were repulsed by the police, reinforced by some troops with Krupp guns. Fifty-one of the rebels were killed and thirty more wounded. The government losses in the encounter are not reported. The land forces and the garrison in the forts remain loyal to President Peixoto. Rio and Nicthery have been declared in a state of siege for the last ten days, and this condition may be extended to any part of Brazil where it is deemed necessary. The rebel squadron shows no inclination to leave the bay. The Brazilian gunboat Bahia has gone up to Paraguay river, with orders in case any of the ships at Matto Grosso join in the revolution against Peixoto to engage with them.

In South Africa.

CAPE TOWN, Sept. 13.—Disquieting news is received from Fort Victoria. Large bodies of Matabeles in full fighting order are on the frontier of the chartered company. Numbers of frightened Mashonas stampeded in Fort Victoria, where preparations are being made against a determined attack by force. Mounted troops were sent out to investigate, with the result that all settlers were called into the fort, bringing all the arms, food and ammunition obtainable. It is feared the hostiles will capture the trooper's horses.

THE SECOND DAY'S RACE RECORDS.

Some of the Agricultural Premiums Awarded.

The state board of agriculture are making heroic struggles to save the state fair from financial ruins.

The people simply have not got the money to pay gate fees with, to say nothing of other incidental expenses attending visits to the fair from a distance. Of course, all with free passes are present. Those who expect to get 50 cts to \$5.00 on bed quilts, crocheting and canned fruits are in attendance long enough to enter their exhibits.

The Chicago world's fair has taken the financial life out of every state fair in the nation and Oregon is no exception. The Iowa state fair ran \$10,000 behind paying expenses and gets \$50,000 from the state. People who did not go to Chicago are saving to go to the midwinter fair at San Francisco. But this combination of evils is perhaps better to have come on in a year when the fair was doomed to have a struggle.

The Oregon state agricultural society held its thirty-third annual meeting at the office of the society on the fair grounds Tuesday night, the meeting being called to order by President Wm. Galloway, with Secretary A. F. Miller at the desk.

Officers were elected for the ensuing year as follows: Wm. Galloway, president; J. G. Wright, vice president; A. F. Miller, secretary; A. Bush, treasurer. M. Wilkins was re-elected member of the state board of agriculture.

J. T. Gregg, John G. Wright and Wm. Galloway were appointed a committee to prepare resolutions on the death of R. E. Bybee, Dr. Payton and T. McF. Patton, members of the society.

The following named were elected life members of the society: John G. Wright, W. L. Simeral, W. H. Savage, A. F. Miller, O. P. Miller, Al. Cartwright, Henry Fletcher, Amos Wilkins, C. M. Farmer, I. L. Simpson, D. H. Looney, A. F. McAtee, J. R. Wilson, Z. F. Moody, Dr. Jas. Whithycombe, R. C. Hawley, John Stewart, Van B. DeLashmuth, W. F. Matlock, J. T. Hurst.

The society adjourned to meet on Friday evening at the same place.
